

Capability Statement

www.pmmbutte.com

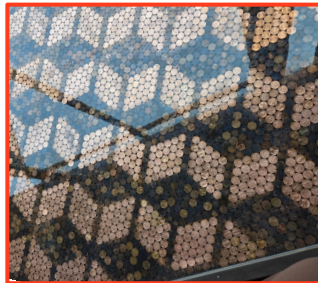

Priority Maintenance & Management specializes in providing comprehensive general carpentry, maintenance and management services tailored to meet the specific needs of our clients.

What sets Priority Maintenance & Management apart is our unwavering commitment to reliability, high-touch communication and customer satisfaction.

Core Competencies

- Routine Maintenance, comprehensive upkeep and management of facilities, historical buildings, and residences ensuring operational efficiency and safety.
- Custom Metal Fabrication, functional and decorative.
- Historic sensitivity: replication services, tile matching, stripping and restoration of fixtures hinges and old material, compatible materials sourcing.
- ADA Compliance: Ensuring facilities and residences meet ADA standards through modifications and upgrades.
- General and Sub-Contracting: High-quality renovation, and remodeling services including finish carpentry, tile work, stone work, etc.
- Interfacing with local government agencies such as Action Inc, the URA, and the local BID (business improvement district) and working the prescribed process.

Differentiators

- Diverse trade experience: Highly skilled professionals with substantial cross-discipline experience in construction and building maintenance.
- Deep relationships with subcontractors. Our subs show up for us when they don't pick up the phone for others.
- 24/7 Emergency Availability: Around-the-clock services to handle any urgent needs or emergencies in Butte and surrounding areas.
- Innovative techniques - Stretch Ceilings, Epoxy floors, Smart home, LED fixtures, etc
- Proprietary Staffing and Company Culture Systems keeps us fully staffed even when others are struggling to keep employees.
- Specialization in site clean up and dust management.
